Professional Summary

Solution-driven and enthusiastic Java Full Stack Developer with hands-on experience in backend and full-stack development through internships and academic projects. Skilled in Java, JSP, Servlets, Spring Boot, and ReactJS, with a strong grasp of MySQL and system design principles. Adept at building scalable, secure, and user-friendly applications, with a keen eye for clean UI and robust backend integration.

Technical Skills

Languages: Java, JavaScript

Frontend: HTML5, CSS3, JavaScript, ReactJS, Bootstrap

Backend: Core & Advanced Java, JSP, Servlets, Spring Boot, Spring MVC, Hibernate, RESTful APIs

Database: MySQL, JDBC

Tools & Platforms: Maven, Apache Tomcat, Git, GitHub, NetBeans, Postman, JIRA

Testing: JUnit, Mockito

Core Concepts: OOP, Exception Handling, Multithreading, MVC Architecture

Projects

1. Online Examination Portal

Role: Full Stack Developer

Tech Stack: Java, JSP, Servlets, HTML, CSS, MySQL, Maven

- Designed and developed a full-featured Online Examination Portal for conducting timed exams securely.
- Implemented authentication systems for admin and student logins with role-based access.
- Developed an intuitive admin dashboard for managing exams, questions, and student data.
- Added functionality for random question paper generation from a database of questions.
- Implemented real-time countdown timer for exams and automatic submission on timeout.
- Integrated exam evaluation logic to calculate scores instantly after submission.

- Developed result module for viewing detailed exam performance, including correct/wrong answers and score breakdown.
- Ensured responsive design and tested across browsers and screen sizes.
- Improved data retrieval speed using optimized SQL queries and indexing.

2. Online Banking System

Role: Backend Developer

Tech Stack: Java, JSP, Servlets, HTML, CSS, MySQL, Maven

- Built robust backend modules for account management, fund transfer and transaction history using java servlets and JSP
- Implemented secure session handling and input validation to protect sensitive user data
- Enhanced database performance through indexing and query optimization

Professional Experience

Java Developer Intern – Oasis Infobyte (Remote)

Jan 2025 – April 2025

- Developed full-stack modules using Java, JSP, and Servlets.
- Created responsive UI components using HTML and CSS.
- Integrated backend functionality with MySQL and optimized queries.
- Used Maven for efficient project build and dependency management.

Education

M.Sc. Information Technology

The Maharaja Sayajirao University of Baroda (MSU), Vadodara

2023 – 2025 | CGPA: 6.59

B.C.A – Bachelor of Computer Applications

Parul University, Vadodara

2019 – 2022 | CGPA: 7.76

Soft Skills

- Team Collaboration
- Time Management
- Effective Communication
- Analytical Thinking
- Problem Solving
- Continuous Learning
